# "1000 Books Before Kindergarten"

Participation is easy: *Read with your young child.*  
Read together year 'round: daily, at bedtime, while waiting, for a bit of a snuggle together, any time!  
Log your reading in this free booklet, available at all branches of the Door County Library.

*Personalize your booklet* with a family picture!

The books can be from home or the library, and the same book can be repeated many times. (It's fun to read your favorite books over and over!) Every time a book is finished, *color in a shape in the booklet.* When a page of 100-books is completed, come in to the library to *choose a sticker for your page!*

As you read, keep a record of your *most favorite books* by listing them in the back of the booklet.

There is no time deadline to this reading project. The idea is to instill a love of reading in your child, to spend enjoyable time together and to have fun exploring the world of books. The library is happy to help with book suggestions and reading ideas.

When your family has read 1000 books, bring the completed booklet to the Library and get a *free book to keep — your book number 1,001!* Congratulations!

For more information check the Library Website:
