

# Northern Door Genealogical Society

---

## Come Join Us

**Meetings:** 9:30 – 12:00 am third Tuesday of each month

At 2536 Fieldcrest Ln. Sister Bay, Wi.

No officers, no dues, just a good time sharing ideas, resources, questions and successes. (Coffee & goodies served)

Participants have varying levels of expertise and experience. Come share our journeys and yours as we explore our family histories and find creative ways to record and share them.

### CURRENT GROUP PROJECTS INCLUDE:

#### Sister Bay Library Information Resource:

Each Tuesday from 1:00 to 4:00 pm a member of our group is available at the Sister Bay library to assist others in digging into their family history. Library resources include access to several websites specializing in genealogical research.

#### Gen Web Project:

Gen Web is a website specializing in sharing genealogical data made available by local groups and organizations. With the permission of several local churches, our group has copied local church records including Birth, Baptism, Confirmation, Marriage and Death records. We are in the process of organizing and submitting them to Gen Web so they will be accessible to others on line

Check us out. We would be delighted to add you to our enthusiastic group of genealogical explorers. For more information call Myrma Howard at 920- 845- 5487.
